

## BASINGSTOKE & NORTH EAST HAMPSHIRE LIFE

The Basingstoke & North East Hampshire LIFE Group, is the local branch of the national charity LIFE and raises money to support the objectives of LIFE. In addition, it offers counselling services given either by telephone or, by prior appointment, with professionally trained counsellors located in Yateley. The LIFE Group also arranges educational talks in schools, churches, etc. that are given by trained speakers.

Across the country, LIFE as a caring and educational pro-life charity, provides non-judgmental help and support for anyone facing an unplanned pregnancy. The core services of LIFE are Caring, Housing, Education and FertilityCare, together providing emotional and practical support and accommodation; bringing awareness to young people of LIFE issues and respect in relationships. LIFE also offers a natural alternative for married couples facing infertility problems. LIFE services are available nationwide and include Caring Centres, LIFE Houses (two of which are located in North East Hampshire) and Education Officers. A sister charity, Zoë's Place Trust, cares for terminally ill and special needs babies in their hospices.
